MEDIA STATEMENT ON MINISTER GORDHAN'S HEALTH

The Ministry of Public Enterprises condemns in the strongest terms the reckless and insensitive tweets and reports meant to distract and cause unnecessary confusion in the market about Minister Pravin Gordhan's health.

"I'm well and working hard for the country. This is clearly mischief created by the corrupt and desperate elements in South Africa who wish to go on stealing, neglect the poor and abuse public resources," says Minister Gordhan.

We warn South Africans to ignore fake news, which is meant to cause mistrust and confusion in the media environment.

The Minister continues to be engaged in matters of the state to ensure that our State Owned Enterprises are stabilized and play a critical role in the economic recovery of the country.
